FEATURING SOLID AMERICAN WHITE OAK

Made in the USA

DOVETAIL

Bedroom Collection

The Dovetail Bedroom Collection is proudly Made in the USA by over 500 craftsmen and craftswomen in our factories in the Virginia mountains.

The collection features Solid White American Oak solids and white oak veneers. By using ATAP™ (Accelerate The Aging Process) technology, we have kept the splits, cracks, knots and the bold grain pattern found in oak lumber to create a reclaimed wood look in this beautiful and unique bedroom collection. This collection is made exclusively for consumers who understand and value a reclaimed wood look.

The dominant design feature is the dovetail, a wood joinery technique dating back thousands of years and which we display prominently near the top of each bed post, the front right and front left top rim of each case piece, and in all four corners of each mirror.

Until now, only Mother Nature could make wood look this good.

The Dovetail Bedroom Collection by Vaughan-Bassett comes in four fantastic finishes - Java, Mystic Grey, Natural Oak, and Sun Bleached White.

The Dovetail bed features a 5" solid white oak post joined to the top rail with dovetail joints that frame the white oak veneered grooved panels.

Made in the USA

The Dovetail Collection features solid American White Oak and white oak veneers.

We have used ATAP™ Technology (Accelerate The Aging Process) to highlight the splits, cracks, knots and bold grain pattern only found with American White Oak. This collection is designed exclusively for consumers who understand and value a reclaimed wood look.

Beyond the wood itself, the most significant design elements are the dovetail joints featured in every piece of the collection. Dovetail joiner is a technique which pre-dates written history found on furniture in the tombs of Egyptian Pharaoh's dating back 4,000 years. We are excited to introduce our new patent-pending interpretation of this ageless technique.

Until now, only Mother Nature could make wood look this good. Dovetail was lovingly made in our factories in Virginia by over 500 American craftsmen and craftswomen.
